

The following documents & immunizations are required for your full acceptance into the program. These must be submitted to **Denise Amerena in Health Services in Room E-154** prior to or at the time of orientation.

Document List For Orientation:

- Tetanus, diphtheria and pertussis: (Tdap) vaccination required within the past 10 years, then a Td booster every 10 years
- Measles: evidence of two live vaccinations or immune titer results required
- Mumps: evidence of two live vaccinations or immune titer results required
- Rubella: evidence of two live vaccinations or immune titer results required
- Hepatitis B: evidence of three vaccinations AND immune titer results required
- Varicella (chickenpox): evidence of two vaccinations or immune titer results required
- Meningitis- Menveo or Menactra dose required after 16th birthday for all newly enrolled students between 16-21 years old (these vaccines are known as MenACWY, formerly listed as MCV4)
- Influenza Vaccination: required by orientation (renewed annually)
- Physical Exam: The exam must be within 1 year of the program start date.
- American Heart Associate CPR certification must be maintained and cannot expire during a semester. *Submit to faculty member on first day of class.*
- Tuberculosis Screening: must be obtained between June 15th- and August 15th for Fall Admission; October 15th - December 15th for Spring Admission. Student must receive either IGRA- serology (T-SPOT or Quantaferon GOLD) or Mantoux testing (PPD). If a student has a positive (PPD) please contact the health coordinator for further instructions
- Original and copy of front and back of photo ID

Notes: If a titer is drawn, the student is required to submit the lab results to Health Services. Any result that is negative/indeterminate/equivocal will be considered a negative result requiring revaccination.
