- Part-Time Medical Radiography Option – 35 months in duration

**After Applying Online Office Hours to Submit Supporting Documents:**
Monday, Tuesday, Wednesday, Friday 9am-3pm
Thursdays 11am-4pm

### Admissions Process:
The following checklist is to help you keep track of the various steps involved in applying to BHCC Medical Imaging Program. Your application will be considered complete and ready for the Admissions Committee to review once it contains all of the following components:

### Pre Requisite for Admission:
- BHCC Online Admissions Application completed with documentation of high school diploma or GED certificate.
- Attach a copy of MANDATORY information session confirmation (You must attend one Medical Imaging Information Session within the 12 months prior to applying. Preregistration is not required. Check Medical Imaging Department Website for dates/times/locations.)
- If you have attended college outside of BHCC, submit official College Transcripts directly to the Admissions Department at BHCC. For evaluation of transfer courses, please contact Karen Akukwe (kemoss@bhcc.mass.edu) or Margaret Rubino (mrubino@bhcc.mass.edu), our transfer counselors, directly.
- Complete the following courses with a grade C or better:
  - One semester of College Algebra (MAT 193, MAT 194 or any 3 credit College Algebra Course)
  - One semester of College level BIO 203, Anatomy and Physiology I /Lab (must be completed within five years of application unless currently working in related healthcare position)
  - One semester of College Writing I (ENG 111) or equivalent with a grade of C or better
• **TEAS VI must be completed before applying to the Medical Imaging Programs.**
  o The TEAS VI will be offered in the Assessment Center: February, March, June, and October. Check in at [www.bhcc.edu/assessment](http://www.bhcc.edu/assessment) for days and times being offered
  o If these dates don’t fit your schedule please visit [www.atitesting.com](http://www.atitesting.com) for additional testing sites.
  o Applicants must score at least 47.6 percent on reading, 46.7 percent in math, and 47.6 percent in English/Language on the TEAS VI to be considered for the Medical Imaging Program. We do not use the score on the Science portion for Medical Imaging admission decisions!

**Note:** It is strongly recommended that students purchase a TEAS VI study guide (Barnes and Noble) or online study resources through ATI (atitesting.com) to prepare for this test. Students may test once per application cycle at BHCC.
  o Students may also provide an official copy of TEAS VI test results if the test is taken outside of BHCC. TEAS VI test results must be within 12 months of the end of application period.

**Note:** If an applicant has taken the TEAS VI test twice within a 12 month period prior to application, the highest scores on the same TEAS VI admission test will be used for admission decisions. A maximum of 2 tests taken during the 12 month period will be reviewed. If staff is provided with more than 2 within the 12 month period, only the 2 latest will be considered.

**Transfer Students**
In addition to the requirements for general applicants, transfer students can submit official transcripts for review:
• Official Transcripts of all College Course work. – Submit to Admissions Department at BHCC directly.

**Admissions to the Medical Imaging Program will be based on a ranking system that includes student performance on the TEAS VI as well as performance in the prerequisite courses, and grades obtained on any program-required general education courses completed at the time of application.**
