Collection Development:
What’s New in the Library?

New BOOKS!

Visit the area in the stacks with the sign NEW BOOKS to browse titles.

Those with red stickers are popular titles and are provided by the library vendor, Baker & Taylor.

Plans for the new purchases!

The primary focus for collection development for current year is to develop the following subject areas:

• Behavioral Science
• Biology
• Business Administration
• Career Development
• Chemistry
• Computer Science and Software
• Health Science
• Mathematics
• Microbiology
• Nursing
• Physics
• Technology
