

## The ACE (Achievement, Cultural Competency, Engagement) Peer Mentor Program

The ACE Mentor program is committed to helping new students make a successful transition to Bunker Hill Community College by focusing on academic achievement, cultural competency and engagement. ACE Mentors are integrated into Learning Community classrooms, where they serve as resources to help new students adjust to the academic, social and personal environment at BHCC. ACE Mentors collaborate with faculty in designing Learning Community curriculum and assignments and co-facilitate class activities and discussions on difficult issues such as religion, race, class, gender and culture. ACE Mentors have a direct impact on student retention, as they play a critical role in helping new students make a successful academic, social and personal transition to the College.

### Fast Facts:

- Starting rate \$14.25/hr
- Work up to 18.5 hours a week
- Open to residents and international students
- Placements in Seminars & ELL courses
- Schedule options: day/evening/wknd & all course modalities

To support their work with new students in and out of the classroom, ACE mentors participate in ongoing training throughout the year. Mentors participate in pre-semester training and orientation focused on developing strategies for effective mentoring, leadership skills, service learning competencies, and cultural competency. ACE mentors also attend biweekly meetings over the course of the semester, where they discuss student related issues and engage in group problem solving. Mentors have cohort support and receive guidance from a senior ACE Mentor. The combination of these training experiences allows peer mentors to form a supportive learning community of student leaders.

**FALL 2022/SPRING 2023**  
Application process opens  
**April 25<sup>th</sup>**
